CC: S:\Manager\Sincock Files\Memorandum - MDOT 2020 Annual Permit 1-6-2020.docx
Date: 12/27/2019
RE: MDOT 2020 Annual Permit

Background
Each year the City is required to file a new permit for operations within the right of way of the State Trunkline road, namely Ann Arbor Road. The City has water mains and sanitary sewers located in the right of way of Ann Arbor Road and our routine and emergency maintenance of those facilities requires that we obtain a permit to complete the work. This is an annual permit process.

The State of Michigan requires that we have a City Commission Resolution designating the persons authorized to make application to the State for a permit. For the past several years, this has been the Municipal Services Supervisors and Director of Public Safety.

Recommendation
The City Administration recommends that the City Commission authorize the Municipal Services Supervisors and Director of Public Safety to sign the Application and Permit for operations within state trunkline right of way. This will allow the Administration to process the documentation with the State of Michigan.

We have attached a State of Michigan proposed Resolution for the City Commission to consider regarding this matter and information from the State of Michigan. Should you have any questions in advance of the meeting please feel free to contact me.

Re: 2020 Annual State Highway Permit

Background:

Each year, the City of Plymouth must file a new permit for operations within the State Trunkline Right of Way (Ann Arbor Road), per Michigan Department of Transportation (MDOT). The City has water mains and sanitary sewers located within the right of way along Ann Arbor Road and any routine or emergency repairs require we have a permit on file.

MDOT requires, as part of the process, that we pass a resolution designating the individuals authorized to make application to the State for a permit. For the past several years, this has been DMS Supervisors and the Director of Public Safety.

The City Commission will need to authorize the DMS Supervisors and Director of Public Safety to sign the application and permit for operations within the State trunkline right of way. This will allow us to process the permit documentation with the State of Michigan.

I have enclosed a State of Michigan proposed Resolution for consideration. This is the same resolution that the Commission has passed in previous years for this permit. Should you have any questions, please feel free to contact me.
This Performance Resolution is required by the Michigan Department of Transportation for purposes of issuing to a municipal utility an "Individual Permit for Use of State Highway Right of Way", or an "Annual Application and Permit for Miscellaneous Operations within State Highway Right of Way".

RESOLVED WHEREAS, the City of Plymouth

(city, village, township, etc.)

hereinafter referred to as the "GOVERNMENTAL AGENCY," periodically applies to the Michigan Department of Transportation, hereinafter referred to as the "DEPARTMENT," for permits, referred to as "PERMIT," to construct, operate, use and/or maintain utilities or other facilities, or to conduct other activities, on, over, and under State Highway Right of Way at various locations within and adjacent to its corporate limits;

NOW THEREFORE, in consideration of the DEPARTMENT granting such PERMIT, the GOVERNMENTAL AGENCY agrees that:

1. Each party to this Agreement shall remain responsible for any claims arising out of their own acts and/or omissions during the performance of this Agreement, as provided by law. This Agreement is not intended to increase either party's liability for, or immunity from, tort claims, nor shall it be interpreted, as giving either party hereto a right of indemnification, either by Agreement or at law, for claims arising out of the performance of this Agreement.

2. If any of the work performed for the GOVERNMENTAL AGENCY is performed by a contractor, the GOVERNMENTAL AGENCY shall require its contractor to hold harmless, indemnify and defend in litigation, the State of Michigan, the DEPARTMENT and their agents and employee's, against any claims for damages to public or private property and for injuries to person arising out of the performance of the work, except for claims that result from the sole negligence or willful acts of the DEPARTMENT, until the contractor achieves final acceptance of the GOVERNMENTAL AGENCY. Failure of the GOVERNMENTAL AGENCY to require its contractor to indemnify the DEPARTMENT, as set forth above, shall be considered a breach of its duties to the DEPARTMENT.

3. Any work performed for the GOVERNMENTAL AGENCY by a contractor or subcontractor will be solely as a contractor for the GOVERNMENTAL AGENCY and not as a contractor or agent of the DEPARTMENT. The DEPARTMENT shall not be subject to any obligations or liabilities by vendors and contractors of the GOVERNMENTAL AGENCY, or their subcontractors or any other person not a party to the PERMIT without the DEPARTMENT'S specific prior written consent and notwithstanding the issuance of the PERMIT. Any claims by any contractor or subcontractor will be the sole responsibility of the GOVERNMENTAL AGENCY.

4. The GOVERNMENTAL AGENCY shall take no unlawful action or conduct, which arises either directly or indirectly out of its obligations, responsibilities, and duties under the PERMIT which results in claims being asserted against or judgment being imposed against the State of Michigan, the Michigan Transportation Commission, the DEPARTMENT, and all officers, agents and employees thereof and those contracting governmental bodies performing permit activities for the DEPARTMENT and all officers, agents, and employees thereof, pursuant to a maintenance contract. In the event that the same occurs, for the purposes of the PERMIT, it will be considered as a breach of the PERMIT thereby giving the State of Michigan, the DEPARTMENT, and/or the Michigan Transportation Commission a right to seek and obtain any necessary relief or remedy, including, but not by way of limitation, a judgment for money damages.
5. The GOVERNMENTAL AGENCY will, by its own volition and/or request by the DEPARTMENT, promptly restore and/or correct physical or operating damages to any State Highway Right of Way resulting from the installation construction, operation and/or maintenance of the GOVERNMENTAL AGENCY’S facilities according to a PERMIT issued by the DEPARTMENT.

6. With respect to any activities authorized by a PERMIT, when the GOVERNMENTAL AGENCY requires insurance on its own or its contractor's behalf it shall also require that such policy include as named Insured the State of Michigan, the Transportation Commission, the DEPARTMENT, and all officers, agents, and employees thereof and those governmental bodies performing permit activities for the DEPARTMENT and all officers, agents, and employees thereof, pursuant to a maintenance contract.

7. The incorporation by the DEPARTMENT of this resolution as part of a PERMIT does not prevent the DEPARTMENT from requiring additional performance security or insurance before issuance of a PERMIT.

8. This resolution shall continue in force from this date until cancelled by the GOVERNMENTAL AGENCY or the DEPARTMENT with no less than thirty (30) days prior written notice provided to the other party. RE: Transfer of Ownership and Addition Small Distiller License 149 W. Liberty

Background

The City has received an application for transfer of ownership and for a new small Distiller license with an on-premise tasting room. In addition to the new Small Distiller License, the ownership group will be transferring the Small Wine Maker and the Micro Brewer licenses over to the new ownership group. We have posted a Public Hearing before the City Commission and the Commission will need to open the Hearing prior to taking any action.

The State of Michigan actually requires Local Government Approval for an On-Premises Tasting Room for the Small Distiller License. The State does not require local action for the transfer of the other two licenses but would consider any comments from the municipality. The City's Local Liquor Management Ordinance does require an action on all three of these issues by both the Local Liquor Review Committee (LLRC) and the City Commission.

There have been no issues with what is commonly known as Liberty Street Brewing. The addition of the small Distiller license is not expected to have a significant impact on the overall operations of the establishment. With these changes the establishment will now be able to serve a wide range of drinks by the glass. The Distiller license has more requirements on serving than a typical Class C license.

The City Administration has reviewed the requests and sees no reason to deny the transfers and new Distiller license. There is room under the local liquor license cap to allow the addition of the Distiller license. Director of Public Safety Al Cox will be at the meeting to answer any questions of the City Commission. This issue has been reviewed by the LLRC prior to the City Commission meeting.
Recommendation

The City Administration recommends that the City Commission recommend to the Michigan Liquor Control Commission the approval of the transfer of ownership for the Micro Brewer and Small Wine Maker licenses as well as approval of the Small Distiller with on-premise tasting for Amalgamated Concoctions, LLC.

We have provided a proposed Resolution for the City Commission to consider after the Public Hearing regarding this matter.

RE: Public Hearing - Transfer of Stock Piano Bar of Plymouth/336 Main/Park Place Gastro Pub

Background

We have received an application for a Transfer of Stock for Park Place Gastro Pub; licensed as Piano Bar of Plymouth, Inc. at 336 S. Main Street. As a result of the application we have posted and mailed a notice of a Public Hearing before the City Commission for Monday, January 6, 2020 at City Hall. The State has discovered a change in the stockholders of the licensee and the State, and the Licensee are catching up on the paperwork. There are no changes in the establishment's business plan at this time.

The State is working on the transfer of stock and NO local unit of government action is required by the State. Our local Liquor Management Ordinance does not require a City Commission approval, but we have no reason to deny the change.

An Administrative Review has been completed the Police Department has signed off on the review. All fees for the review and transfer have been paid in accordance with the Liquor Management Ordinance.

We have attached the information that has been provided by the applicant as additional background information. This is a change in the stock ownership by changing the percentage of some stockholders and adding additional stockholders.

The City Liquor License Review Committee is scheduled to meet just prior to the Regular City Commission Meeting on Monday. Their recommendation will be presented at the Commission Meeting.

RECOMMENDATION:

The City Administration has reviewed the application and the proposed establishment and finds that it meets the administrative requirements of the Liquor Management Ordinance. The City Commission must now review the application as it applies to the various requirements of the Ordinance and develop a recommendation to the Michigan Liquor Control Commission. The MLCC may or may not consider input from the City Commission as it relates to their approval of the stock transfer.

We have attached a proposed Resolution for the City Commission to consider regarding this matter.

RE: Intergovernmental Agreement with Wayne County Park Millage Funds

BACKGROUND:

The City Commission may be aware that Wayne County returns a small portion of the County Parks Millage back to the local communities. This program would allow the local community to determine their own park’s needs, which in our case are identified by the City Recreation Master Plan.

This is “County Money” because it has been collected from our taxpayers as a County Parks millage for improvements to the County Parks. The County has chosen to make a small “grant” back to each community, based on a percentage of what was collected in that community. For the County to make a grant to another taxing unit it is necessary to execute an Intergovernmental Agreement with the County for the $16,926 worth of improvements to our recreational facilities.

The plan is to use these funds on replacing a portion of the lights at Massey Field. This project has been long delayed, and we have not been able to use the lights on this award-winning field for several years. This is an example of a delayed capital improvement project. We have attached a memorandum from Recreation Director Steve Anderson related to this issue as well as the Intergovernmental Agreement.

The County’s Corporate Counsel Office sent over a contract for the City to execute. This Agreement has been reviewed by the City Attorney as well. The contract is “boiler plate” from Wayne County, but it is much shorter than what we have received the past. We will need to have the agreement approved by Resolution of the City Commission and signed by the Mayor.

RECOMMENDATION:

The City Administration recommends that the City Commission adopt the proposed Intergovernmental Agreement with Wayne County for the use of County Parks Millage funds.

We have attached a proposed Resolution for the City Commission to consider regarding this matter. If you have any questions regarding this matter in advance of the meeting, please feel free to contact either Steve Anderson or

Re:    Intergovernmental Agreement - Wayne County Park Millage Funds County FY 2019-20

As you are aware, Wayne County has again returned some of the Wayne County Parks Millage funds back to the local communities to specifically fund recreational capital improvements. The City of Plymouth’s share of these funds for this budget year is $16,926.00.

After looking over some of the repair and maintenance projects we have been delaying, repairs to the lights at Massey Field has the most immediate need for the upcoming Spring season. This repair project has been on the back burner for over two years. Our user groups have been very patient during the past two years but obviously having a lighting system in place at Massey Field and not being able to play games past sundown is inconvenient, irritating and honestly, rather embarrassing.

The original “Medal Halide” lighting system was installed in the late 1970’s / early 1980’s and still has all the original fixtures and wiring. Currently, both third base line infield poles no longer light any lamps and something at the top of the 40-foot poles are blowing out the large “cigar” style fuses almost instantly once energized.

In order to be able to use Wayne County Funds, we proposed upgrading the lights on these two specific poles to LED lighting. This type of retrofit / upgrade is allowable under Wayne County’s guidelines. We have had great success in changing over many of the City’s facilities to LED lighting. The lower operational cost and very low maintenance of LED lighting makes it a natural fit for municipal projects.

The project funding would include 10 - 65,000 lumen LED lighting fixtures, the electricians as well as the 60’ Sky Lift to reach the top of the poles. The electricians will not know if they will have to completely rewire the poles until they can get up on the Sky Lift and inspect the wiring.

If the bids come back low enough on the LED lighting fixtures and leave any funds left over from the lighting project, we would like to use the balance to purchase some pallets of infield conditioner (Turface) to further improve the quality of the ball diamond infield. The costs of the project will initially be absorbed by the Rec. Improvement Fund (402) and will be reimbursed by Wayne County once they clear the paperwork on their side of the process.
The attached Wayne County Intergovernmental Agreement is basically streamed lined version of a "boiler plated" contract from the past four years. This agreement has also been reviewed by the City Attorney with minor notations.

The only anticipated cost to the City on this project is the signage required by Wayne County to be posted at Don Massey Field after the project is complete. This cost would be minimal and generally has not exceeded $380.00 in the past.

We would like to recommend the adoption of this Intergovernmental Agreement by the City Commission to receive the amount of $16,926.00 from Wayne County to be used for the Massey Field LED Lightning Retrofit Project.

16.02 All contractors, subcontractors, consultants and agents retained by City to perform work related to this Agreement shall not:

A. Refuse to recruit, hire, employ, promote or to bar or discharge from employment an individual, or discriminate against an individual in compensation, terms, conditions or privileges of employment because of race, color, creed, national origin, age, marital status, handicap, sex, religion, familial status, height or weight.

B. Limit, segregate, or classify an employee or applicant for employment in a way which deprives or tends to deprive any individual of employment opportunities or otherwise adversely affects the employment status of an
employee because of race, color, creed, national origin, age, marital status, handicapped, sex, familial status, height or weight.

C. Print or publish or cause to be printed or published a notice, application, or advertisement relating to employment indicating a preference, limitation, specification, or discrimination based upon race, color, creed, national origin, age, marital status, handicapped, sex, religion, familial status, height or weight.

D. Except as permitted by rules and regulations promulgated pursuant to Section 120-192 of the Wayne County Code of Ordinances, or applicable state or federal law, make or use a written or oral inquiry or form of application that elicits or attempts to solicit information concerning the race, color, creed, national origin, age, marital status, handicapped, sex, religion, familial status, height or weight, of prospective employees. This Section does not apply if it is determined by the County Division of Human Relations that the requirements are bona fide occupational qualifications reasonably necessary to perform the duties required for employment. The burden of proof that the occupational qualifications are bona fide is upon City.

16.05 Breach of any of the covenants in this Article may be regarded as a material breach of this Agreement.

16.06 City acknowledges the right of the County Director of Human Relations to sue to enforce the provisions in this Article.

16.07 If City or any of its contractors, subcontractors, consultants, or agents does not comply with the non-discrimination provisions of this Agreement, the County may impose sanctions, as it determines to be appropriate, including but not limited to the cancellation, termination or suspension of this Agreement, in whole or in part.

16.08 In the event that City is or becomes subject to federal or state law which conflicts with the requirements of Section 120-192 of the Wayne County Code of Ordinances, the provisions of federal or state law shall apply and this Agreement shall be interpreted and
enforced accordingly. In accordance with the Elliot-Larson Civil Rights Act, P.A. 1976 No. 453, as amended, MCL 37.2101 et seq., City covenants not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment because of race, color, religion, national origin, age, sex, weight, height, or marital status, and to require a similar covenant on the part of any contractor, subcontractor, consultant, or agent employed in the performance of this Agreement.

EXHIBIT B: PROJECT DESCRIPTIONS

City of Plymouth – Recreation Department

Project Description for Wayne County Parks Millage Allocation

County Fiscal Year 2019 / 2020

Don Massey Field LED Lighting Retrofit

Project:

Don Massey Field is a community ball diamond used for adult softball, youth baseball and youth softball. The diamond was created by the City of Plymouth in the early 1970’s. In the late 1970’s to early 1980’s, a metal halide lighting system was installed to allow for expanded nighttime use. Currently, the diamond is used six days a week during the Spring and Summer with additional use in the Fall for the youth soccer program that utilizes the outfield turf for small sided games.

Over the decades, metal halide lighting was the most common form of indoor or outdoor sport lighting. However, over the past five years, LED lighting has evolved to the point that it is much more reliable, cost efficient and offers a low maintenance option for public projects.

In order to capitalize on this advancement in technology, we would like to pursue every possible avenue to replace older metal halide and incandescent lighting with LED lighting options.

Purpose:

The main objective of the project is to create an improved and safer play environment for all program participants thru better event lighting. Since we currently have limited funding, we would like to complete the diamond’s infield light poles in two stages. Stage one to be completed in Spring 2020 and stage two be completed in Spring 2021.

Purchasing and Funding:

The budget number used for the LED lighting upgrade retrofit for the third base side of the diamond, as listed in the attached quote is $18,300.00. If the final project cost does come in above the allocated $16,926.00, that amount will be absorbed by the City Recreation Department.

If LED lighting project costs come in below the allocated $16,926.00, we would like to use the balance to help fund the purchase infield soil conditioner to also improve the playing surface for the participants. The quote for five pallets of the infield soil conditioner is also attached.

All purchasing will follow currently adopted City of Plymouth purchasing procedures including approvals required by the City of Plymouth Commission by resolution.

RE: Authorization for Payment to Western Wayne County Special Operations Team

Background

The City Commission may be aware that the City participates in a consortium of different police agencies in what is known as the Western Wayne County Special Operations Team (WWCSOT). This team is specially trained and equipped to respond to high risk incidents where SWAT or Hostage Negotiators may be needed.

The City has been participating with WWCSOT for many years. Each year the group determines a participation fee for the various agencies in the organization. This year the fee is set at $7,000 and this is the same fee as it was last year. In addition to the participation fee the communities will provide additional support to the team by assigning members to the team. For example, communities with larger populations are required to have more people assigned to the team than we do. We are required to have one officer assigned to either SWAT or Hostage Negotiations. Then that officer participates in team training and team call outs in addition to their regular patrol duties here in Plymouth.

While we typically do not have high risk incidents which necessitates a call out of the WWCSOT, it is good to know that we have a team available and ready to respond.

We have also attached a memorandum from Chief Cox which will provide further background on this matter.

RECOMMENDATION:

The City Administration recommends that the City Commission authorize the payment to the Western Wayne County Special Operations Team as presented.

We have prepared a proposed Resolution for the City Commission to consider regarding this matter. Should you have any questions regarding this matter please feel free to contact me.
BACKGROUND

The Western Wayne County Special Operations Team (WWCSOT) is a consortium of eleven (11) member police jurisdictions. WWCSOT embodies a Special Operations Team (SOT) and a Crisis Negotiation Team (CNT). SOT can be described as a team of sworn police officers and medics that are specially trained and equipped to respond to high risk incidents that exceed the capabilities offered by standard police patrol response (e.g. hostage standoff, barricaded gunman, high risk warrant service). CNT is a team of sworn police officers specially trained to communicate/negotiate with individuals in crisis that pose an active significant threat to public safety. CNT members are more commonly referred to as Hostage Negotiators.

The framework and operating guidelines for the WWCSOT is provided in an Interlocal Agreement known as the WWCSOT Memorandum of Understanding. The Chief Executive Officer, Chief Law Enforcement Officer, and, if applicable, Fire Chief from each member jurisdiction has signed this document. Oversight for the WWCSOT is provided by a Board of Directors that consists of the Chief Law Enforcement officer from each member jurisdiction. The position of Board Chairperson is rotated every two years.

The City of Plymouth was a founding member of the WWCSOT when it was originally established in 1986 and we have continued our membership for the last 34 years. As you can imagine, such a team requires ongoing extensive training in many specialized skills and techniques, as well as an inventory of specialized weapons and equipment. Examples of training and equipment include, but are not limited to: hostage rescue, explosive entry, sniper team, tactical emergency medical service, multiple lethal and non-lethal weapon systems, training and duty ammunition, Bearcat Armored Personnel Vehicle, throw-phones, tactical robots, and CBRN (Chemical, Biological, Radiological, Nuclear) Personal Protective Equipment.

This training and equipment can be very costly but is very necessary. In order to cover these costs, the WWCSOT Memorandum of Understanding requires that the team’s operating budget is funded by an annual member participation fee set by the Board of Directors each year. The Participation Fee for 2020 is $7000. It should be noted that this fee did not increase from 2019.

RECOMMENDATION

Participation in the WWCSOT benefits our department in many ways; from acting as a significant resource and force multiplier in a critical incident to providing very worthwhile training and instruction to department members that can be brought back and passed on to other officers. While it is not pleasant to imagine, a critical incident that exceeds the training capabilities offered by standard police patrol can happen on any day at any time. Continued membership in the WWCSOT provides immediate response and support to address such a threat. In order to comply with our responsibilities per the WWCSOT Memorandum of Understanding, I respectfully request that the City Commission authorize payment of $7,000 for continued membership in the WWCSOT.
RESOLUTION

The following Resolution was offered by Comm. ______________ and seconded by Comm. ______________.

WHEREAS The City of Plymouth participates with the Western Wayne County Special Operations Team (WWCSOT) in an effort to secure the public health, safety and welfare, and

WHEREAS The City Commission did adopt the Memorandum of Understanding ensure the City’s participation in the WWCSOT, and

WHEREAS The MOU requires that the City pay a participation fee each year.

NOW THEREFORE BE IT RESOLVED THAT the City Commission of the City of Plymouth does hereby authorize the annual participation fee of $7,000 for the WWCSOT. The funding for this authorization is covered in the Police Department General Fund Budget.

CC: S:\Manager\Sincock Files\Memorandum - Saxton's Property Sale Purchase Agreement 01-06-20.docx
Date: January 2, 2020
RE: Purchase Agreement related to the Saxton’s Property

Background

The City Commission is aware that they entered into a Letter of Intent (LOI) with a developer for what is commonly known as the Saxton’s Property. This agreement required the City to exclusively work with the Developer, now known as Jewell Maple Development, LLC. That developer has expended considerable funds on plans, engineering, site review and going through the City’s public approval process.

You will recall that there have been several proposals and plans for the property including those proposed by the city and those proposed by private developers. The City, after extensive review of proposals as well as developing their own proposals did enter into an exclusive Letter of Intent with a single developer.

The developer is still working through final approvals at the public meetings of Planning Commission and Historical Commission. Once those approvals are in place the developer can than work on a final Planned Unit Development Agreement for the property, that will need to be approved by the City Commission.

The attached purchase agreement is the next step in the process. The developer has progressed to a point with preliminary approvals at Planning and Historical and purchase agreement would be contingent upon the developer receiving final approvals at Planning, Historical and the City Commission before closing.

The purchase price is $1,013,760.00 for a portion of the site, to include basically the city owned properties along Maple Street as well as brick building on Ann Arbor Trail. This
agreement does not have effect on the small approximate 26’ X 138’ foot section of property near the west end of the Saxton’s property that is privately owned by another individual.

Mayor Wolcott has been working with the City Attorney’s Office on developing the attached agreement. We are providing the City Commission with an Attorney-Client Confidential Letter as a separate document. If members of the City Commission have specific questions, specifically related to the contents of the letter please feel free to contact Bob Marzano in advance of the meeting.

It is our understanding that Mayor Wolcott has also been keeping the Downtown Development Authority Board “in the loop” on the progress of this project. It is anticipated that money from the sale would be used for upgrades to the city’s parking system.

Again, this purchase agreement cannot move to closing until all of the preliminary approvals from Planning and Historical move to final approvals and the City Commission enters into a Planned Unit Development (PUD) Agreement with the developer. While there are multiple paths that are currently in progress and running simultaneous, all parts will need to be completed prior to closing.

Recommendation

The attached Purchase Agreement between the City and Jewell Maple Development LLC has been reviewed by the City Attorney’s Office and it will result in the sale of a portion of the property known as the Saxton’s Property. There are several actions that need to move to final approvals prior to actual closing on the property.

We have attached a copy of the Purchase Agreement that the City Attorney’s Office provided the Administration on December 30th. We have also prepared a proposed Resolution in accordance with the direction of the City Attorney’s Office.

If you have any questions in advance of the meeting please feel free to contact the City Attorney, Mayor Wolcott or myself.

2. Purchase Price. The purchase price for the Properties is One Million Thirteen Thousand Seven Hundred Sixty and 00/100 Dollars ($1,013,760.00) (the “Purchase Price”), which Purchase Price is allocated between the Properties as set forth on Exhibit B. Buyer will pay that portion of the Purchase Price allocable to each Property in full at the time of closing on the purchase and sale of the Properties (the “Closing”). The Deposit shall be applied to the sale of the Properties.

3. Earnest Money Deposit. Within three (3) business days after receipt of a fully executed Agreement, Buyer shall deposit Fifty Thousand and 00/100 ($50,000) (the “Deposit”) with the Title Company (defined below). Upon Closing, the Deposit shall be applied to the Purchase Price, otherwise the Deposit shall be disbursed as contemplated by this Agreement. The Deposit shall be refundable to the Buyer except as specifically in Section 14(a) of this Agreement.

4. Due Diligence Period. Buyer has the right to conduct a due diligence review for a period beginning on the Effective Date and ending on the date which is sixty (60) days thereafter (“Due Diligence Period”), to satisfy Buyer that the Properties can be used for Buyer’s intended purposes, including, but not limited to, the right to inspect the Properties, perform environmental investigations, property conditions reports, and a survey of the Properties (the “Survey”). If Buyer elects to terminate this Agreement, for any reason as determined in its sole discretion, at any time on or before the expiration of the Due Diligence Period, Buyer will deliver a written notice of its election to terminate to City, whereupon the Deposit shall be returned to Buyer, and this Agreement shall thereupon terminate. Thereafter, neither City nor Buyer shall have any further rights or obligations under this Agreement. If Buyer fails to deliver such written notice on or before the expiration of the Due Diligence Period or any extension thereof, this Agreement shall continue in accordance with its terms. In the event Buyer’s due diligence results in a determination that additional environmental investigation is necessary, for example the requirement of performing a Phase II environmental site assessment, air quality assessment or other further environmental testing (“Additional Environmental Investigation”), Buyer may
extend the Due Diligence Period for an additional sixty (60) days (the "Due Diligence Extension") by written notice to City given prior to the expiration of the initial sixty (60) day Due Diligence Period, as to only those actions needed to perform and identified by Buyer in said written notice. If Buyer exercises the Due Diligence Extension, then any reference in this Agreement to the Due Diligence Period will include the Due Diligence Extension. Any environmental condition noted in the notice regarding the Additional Environmental Investigation and all other due diligence shall be deemed complete and accepted by the Buyer as satisfactory upon completion of the initial sixty (60) day Due Diligence Period.

5. Title. Buyer shall obtain, at the City’s cost and expense, a title insurance commitment ("Title Commitment") for an owner’s fee policy of title insurance (the "Owner’s Title Policy"), without standard exceptions (ALTA Policy Form B-1992) issued by Liberty Title (the "Title Company") insuring marketable, fee simple title subject only to the recorded exceptions contained therein, in the amount of the Purchase Price, naming the Buyer as the party to be insured together with copies of all instruments of record listed in the Title Commitment. The Buyer may, at Buyer’s cost and expense, request such endorsements to the title policy and such “insuring over” of title encumbrances and exceptions by the Title Company as the Buyer shall deem necessary or desirable. The City shall cooperate with the Buyer in obtaining such endorsements and “insuring over,” provided, however, the City shall have no obligation (except for providing the standard seller’s affidavit) to incur any additional costs and expenses, obligations or liabilities in connection with such endorsements required by Buyer to the title policy or any other title matters other than: (a) the discharge of liens capable of being discharged by the payment of money, or (b) “insuring over” or similar endorsements necessary to cure defects in title to permit the City to convey marketable fee simple title to the Buyer, but only to the extent such defects are not placed against the Properties by or arising out of the acts of Buyer or its agents. The legal description reflected in the Title Commitment shall be the description of each Property used for the Deed given at Closing.

The Buyer shall have a period of thirty (30) days (the "Title Examination Period") from and after the its receipt of the Title Commitment and copies of all instruments of record listed in the Title Commitment to approve or object to the condition of title disclosed in the Title Commitment or Survey as determined by the Buyer, in its reasonable discretion ("Title Defects"). If the Buyer provides the City with written notice of Title Defects prior to the expiration of the Title Examination Period, the City shall within fifteen (15) days after such written notice (the "Cure Period"): (a) notify Buyer of its intent to remedy the Title Defects, (b) notify Buyer of its intent to insure over the Title Defects, or (c) provide the Buyer with written notice that the City will not remedy such Title Defects. If such Title Defects are not remedied or insured over by the City to Buyer’s satisfaction, or such notice of refusal to remedy such Title Defects is given by the City to the Buyer during the Cure Period, then the Buyer, at its option to be exercised within fifteen (15) days of the expiration of the Cure Period, may either (i) terminate this Agreement at which time the Buyer and the City shall be relieved of any further liability under this Agreement, and the Deposit shall be returned to the Buyer, or (ii) waive such Title Defects by written notice to the City (provided that unless the Buyer elects to waive such Title Defects it will be deemed to have elected to terminate this Agreement in accordance with the clause (i)).

The Title Commitment shall be updated for the Closing and in the event such updated Title Commitment ("Updated Title Commitment") discloses any new exceptions or conditions
not caused by the Buyer to title rendering a Property unsatisfactory as determined by the Buyer in its reasonable discretion ("New Title Defects"), the Buyer shall have the option of either granting the City additional time in which to remedy or insure over the New Title Defects or waiving such New Title Defects or terminating this Agreement by written notice to the City on or before the Closing Date, in which event the Buyer, the City shall have no further liability under this Agreement and the Deposit shall be returned to the Buyer.

6. **Buyer’s Access to the Properties.** During the Due Diligence Period and Entitlement Period (as defined below), Buyer, its agents, employees, licensees and contractors, shall have the right to enter onto the Properties upon reasonable prior notice to the City to conduct such investigations, studies and tests on the Properties and the land, buildings and structures thereof as Buyer may elect. All of Buyer’s activities on the Properties shall comply with all laws, rules, regulations and applicable safety protocols. City shall not incur any costs with regard to the Buyer’s investigation of the Properties. City shall not be liable for any damage, loss, or injury caused by Buyer and Buyer shall indemnify, defend and hold harmless City, its directors, employees, agents, officers, trustees, and officials, from any and all claims, demands, actions or causes of action, for any and all damages or injuries, including attorneys’ fees arising out of the Buyer’s entry upon the Properties. Buyer shall not, however, indemnify, defend or hold harmless City, or their respective directors, employees, agents, officers, trustees, officials, for any losses, damages, expenses or claims arising from the mere discovery by Buyer of conditions at, on, in or under the Properties that existed prior to Buyer’s entry onto the Properties. Buyer shall maintain insurance coverage in amounts reasonably acceptable to the City for due diligence activities of Buyer, naming City as an additional insured on such policy and a certificate of insurance consistent with such requirements shall be submitted to the City prior to Buyer’s entering the Properties. If Buyer elects to terminate this Agreement prior to Closing, Buyer shall repair any damage to the Properties caused by Buyer, its agents, employees, licensees or contractors to its condition on the date that Buyer first entered the Properties, within fifteen (15) days of its termination (provided such time period will be reasonably extended if additional time is necessary to repair such damage and Buyer has diligently commenced and pursued such repairs), and the Deposit shall not be released to Buyer until such damage is repaired to City’s satisfaction.

7. **Development Matters.**

(a) **Entitlements.** Provided that Buyer has not terminated this Agreement pursuant to Section 4 herein, Buyer shall have a period of either (a) ninety (90) days from the expiration of the Due Diligence Period if Buyer has exercised its right to the Due Diligence Extension or (b) one hundred fifty (150) days from the expiration of the Due Diligence Period if Buyer has not exercised its right to the Due Diligence Extension (either such period, the "Entitlement Period") to obtain from all federal, state, county, and local governmental bodies with authority over the Properties ("Governmental Authorities") including, without limit, (i) all authorizations or permits to construct, and use the Properties in the manner contemplated by the Buyer, (ii) final site plan approval, (iii) such baseline environmental assessments as may be indicated based on environmental site assessments, (iv) grants, tax incentives, agreements, brownfield agreements and financing inducements as Buyer may deem necessary, (v) approvals and authorizations of the City Commission of Plymouth, the Planning Commission of Plymouth, Historic District Commission, including an appropriate Certificate of Appropriateness and Notice to Proceed, (vi) lot splits and/or combinations necessary to achieve separate tax parcels for the Jewell Building.
Property and Residential Property, (vii) zoning and land use approvals, inclusive of any PUD approvals, together with any required planned unit development agreement, and (viii) all other governmental approvals and licenses required for Buyer to commence and complete the development of a Property in accordance with this Agreement and the “Planned Unit Development Agreement” (as defined below) and as contemplated by the Buyer (the items described in provisos (i) through (viii) above are sometimes hereinafter collectively referred to as the “Entitlements”). The City shall reasonably cooperate with Buyer in obtaining the Entitlements from third parties and join in such applications, petitions or documents which may be reasonably requested by Buyer in connection with the Entitlements at no cost to the City. If Buyer has exercised commercially reasonable efforts and diligently attempted to obtain the Entitlements, but has not been able to do so, Buyer may extend the Entitlement Period for one (1) additional thirty (30) day period by written notice to City. However, to effectuate such thirty (30) day period extension of the Entitlement Period, the Buyer shall detail in writing those Entitlements that have not been secured, shall confirm in writing to the City those Entitlements that have been secured and confirm that such Entitlements so secured are acceptable and Buyer shall pay to the Title Company an additional sum of Ten Thousand Dollars ($10,000.00) as a non-refundable deposit, which shall be applied to the Purchase Price at Closing or forfeited to the City if the Buyer does not close on the purchase of the Properties (unless such failure is due to the City’s breach of this Agreement). If Buyer is not able to obtain all of the Entitlements prior to the expiration of the Entitlement Period, as the same may be extended, or Buyer is not satisfied with any of the conditions contained in such Entitlements, Buyer may terminate this Agreement whereupon the Buyer and the City shall be relieved of any further liability under this Agreement, and the Deposit shall be returned to the Buyer. Notwithstanding the foregoing, nothing hereunder in this subsection (a) or in this Agreement shall limit or impair, in any way, the City, the City Commission, the Planning Commission, the Historic District Commission or any other City board or commission from making and issuing decisions, in its sole and unfettered discretion, on applications or requests of the Buyer to the City in connection with its planned use of the Properties or in negotiating and entering into a Planned Unit Development Agreement. The Buyer expressly acknowledges and agrees that no such decision or any conditions accompanying such decision or failure to enter into a Planned Unit Development Agreement shall be considered a default under this Agreement. Buyer retains the ability to appeal any such decision as provided in law or under City ordinance.

(b) Development Agreement. During the Entitlement Period, the City and the Buyer shall negotiate a form of Planned Unit Development Agreement (the “Planned Unit Development Agreement”) outlining the terms and conditions relative to the preservation of the historic building located on the Jewell Building Property and the demolition of the existing residences and construction of the ten (10) contemplated townhomes on the Residential Property, with the Parties anticipate will be consistent with the site plans and other plans the Buyer has submitted to the City prior to the Effective Date of this Agreement.

(c) Access Easements. During the Entitlement Period, the Buyer and the City would also negotiate and finalize access non-exclusive easements that (i) provide the City with access to the parking lot from Deer Street through property owned by the Buyer (or as of the date of this Agreement an affiliate of the Buyer) and, (ii) provide the Buyer with access from Ann Arbor Trail through the parking lot property in order to access the Jewell Building Property and from Deer Street to access the Residential Property. These non-exclusive easements would be detailed
in the Planned Unit Development Agreement and are generally depicted on Exhibit C. The Buyer and the City agree that the cost of installation and future maintenance of (i) that portion of the access drive running generally easterly from Deer Street shall be paid solely by and borne by the Buyer and (ii) that portion of the access drive running generally south of W. Ann Arbor Trail will be paid solely by and borne by the City. As part of the finalizing such access, non-exclusive, easements, Buyer would, subject to agreeing on a Planned Unit Development Agreement that incorporates the terms of this paragraph, Buyer would convey (or cause it affiliate to convey) to the City that portion of the proposed access easement currently owned by Buyer or Buyer’s affiliate that is immediately adjacent to Deer Street. Such conveyance by Buyer shall be in a form acceptable to the City and at no cost to City (including survey and title insurance), except City shall process the lot change request at no charge to Buyer upon submission of the required application by Buyer.

(d) Intentionally Omitted.

(e) **Proration of Taxes and Assessments.** The Properties are owned by the City, and are not currently subject to real property tax liability. All taxes and assessments (including special assessments) effecting the Properties shall become a lien after the Closing Date and shall be paid by the Buyer. All installments of special assessments levied against the Properties after the Closing Date shall be paid by the Buyer.

(f) **Condition of the Property.** The Buyer acknowledges that during the Due Diligence Period it will have the opportunity to investigate the condition of the Properties. The Buyer acknowledges and agrees that it will either exercise and/or waive such opportunity and the Buyer agrees not to make any claims against the City in connection with such investigation. The Buyer makes the following further agreements and acknowledgements:

(i) that it is responsible for making and will be granted the opportunity during the Due Diligence Period to make all investigations (above ground and below ground) deemed necessary by the Buyer to determine whether the Properties: (1) contain any toxic or hazardous waste or materials (as regulated by federal, state or local laws); (2) contain wetlands or is subject to adverse conditions; (3) contain adequate soil conditions; (4) are in satisfactory condition; and (5) are suitable for the Buyer’s intended use;

(ii) that the City has made no representation or warranty of any kind with regard to the condition, above or below ground, of the Properties or the buildings thereon;

(iii) that it is purchasing the Properties “as is; where is”;

(iv) that it waives any right to bring any claim against the City of any nature whatsoever with regard to the physical condition of the Properties; and

(v) that upon transfer of title, the Buyer assumes all responsibility for any damages arising from an event or occurrence after the Closing caused by the physical conditions existing on the Properties as of the Closing Date.
The City shall assign to the Buyer, any claims it has against third parties for such damages arising from an event or occurrence after the Closing based upon the physical conditions existing on the Development Parcel as of the Closing Date.

9. **Representations and Warranties of Buyer.** To induce City to enter into this Agreement, Buyer makes the following representations and warranties, which are true and correct in all material respects as of the Effective Date and on the date of Closing (the “Closing Date”):

(a) **Authority.** Buyer is authorized and permitted to enter into this Agreement and to perform all covenants and obligations of Buyer hereunder and Buyer’s right to execute this Agreement is not limited by any other agreements. The execution and delivery of this Agreement, the consummation of the transaction described herein and compliance with the terms of this Agreement will not conflict with, or constitute a default under, any agreement to which Buyer is a party or by which Buyer is bound or violate any regulation, law, court order, judgment, or decree applicable to Buyer. This Agreement is legally binding on and enforceable against Buyer in accordance with its terms.

(b) **No Bankruptcy.** There are no attachments, executions, assignments for the benefit of creditors or voluntary or involuntary proceedings under the Bankruptcy Code, 11 U.S.C. §101, et seq., or under any other debtor relief laws pending or threatened against Buyer.

(c) **Existence.** Buyer has been duly organized, is validly existing and is in good standing and is qualified to do business in the State of Michigan. This Agreement is, and all documents executed by Buyer and delivered to City at the Closing will be duly authorized, executed, and delivered by Buyer.

(d) **No Consent.** No other action by Buyer, no consent, approval, order or authorization of any person or entity that is not a party to this Agreement, and no permit, consent, approval, declaration or filing with any governmental authority (other than the Entitlements) is required for Buyer to execute and deliver this Agreement or perform the transaction contemplated herein.

(e) **No Defaults.** Neither Buyer nor its members, to the best of Buyer’s knowledge, is in default of any obligation to the City, including, but not limited to, the payment of real property taxes, as required by Section 5.17(a) of the City Charter.

(f) **Financing.** The Buyer has the capability of securing the financing necessary or through its own private resources to meet all of its financial obligations created under this Agreement and as stated in the Planned Unit Development Agreement.

The representations and warranties of Buyer set forth above and elsewhere in this Agreement will survive Closing for a period of twelve (12) months (the “Survival Period”) and unless the City brings a claim based on a breach of the Buyer’s representations and warranties prior to the Survival Period any such claim shall be barred.

10. **City Representations and Warranties.** To induce Buyer to enter into this Agreement, City makes the following representations and warranties, which will be true and correct in all material respects as of the Effective Date and on the date of Closing:
(a) **No Agreements.** City has not entered into and has no knowledge of any agreements to sell, options, rights of first refusal, or obligations to sell the Properties, or any agreements binding on City or the Properties other than this Agreement, and the Properties are not subject to any leases or other agreements that permit occupancy by any third party except as stated in Section 10(d) below. City will not enter into any of the foregoing agreements while this Agreement remains in effect.

(b) **Authority.** City has and will have on the Closing Date the power and authority to sell the Properties to Buyer and perform its obligations in accordance with the terms and conditions of this Agreement, and each person who executes this Agreement and all other instruments and documents in connection herewith, has or will have due power and authority to so act.

(c) **No Conflict.** Neither the execution, delivery, performance of or compliance with this Agreement and all other documents contemplated hereby, nor the conveyance of all of City’s right, title and interest in and to the Properties as herein contemplated will (i) violate or conflict with City Charter, (ii) result in any breach or violation of, or be in conflict with, or constitute a default under, any indenture, contract, agreement, instrument, judgment, decree, order, or award binding on City or to which City is a party, or affecting or binding on the Properties, or (iii) violate or conflict with any governmental statute, law, ordinance, rule, regulation, order, judgment or directive.

(d) **Leases.** The City has leased portions of the Jewell Building Property to three (3) tenants as listed on Exhibit D attached. The City shall be responsible for all tenancies being ended prior to Closing and all costs, expenses and liabilities relating to such leases and termination thereof.

The foregoing representations shall survive the Closing for the Survival Period and unless the Buyer brings a claim based on a breach of the City’s representations and warranties prior to the Survival Period any such claim shall be barred.

11. **Conditions to Closing.**

(a) The obligation of Buyer to consummate the purchase and sale of a Property is expressly conditioned upon the following:

(i) **Title.** The Title Company shall have irrevocably agreed to issue the Owner’s Title Policy, as approved by Buyer, for each Property and Buyer has not terminated this Agreement pursuant to Section 5 hereof.

(ii) **City Representations.** The City’s representations, warranties and agreements contained herein are and shall be true and correct as of the Closing Date.

(iii) **Entitlements.** The Entitlements for each Property shall be obtainable without challenge or appeal, subject only to Buyer’s acquisition of each Property.
(iv)  **City Obligations.** The City shall have performed its obligations under this Agreement in all material respects.

(v)  **Due Diligence.** The Due Diligence Period has expired without Buyer delivering a Buyer’s termination notice.

(vi)  **Permits, Plans and Construction Documents.** Buyer shall have obtained any and all licenses, approvals and permits (including building permits) necessary for the development of and construction on the Properties. Moreover, all plans and construction documents have been delivered to the City.

(vii)  **Investigative Reports.** The Buyer shall provide the City with all investigative reports regarding the Properties.

(viii)  **Development Agreement.** The City and Buyer have entered into a Planned Unit Development Agreement, which has been fully executed by the parties. The City shall not be in default of the Planned Unit Development Agreement and has complied in all material respects with said Agreement’s terms and conditions.

(b) The obligation of City to consummate the purchase and sale of a Property is expressly conditioned upon the following:

(i)  **Buyer Representations.** The Buyer’s representations, warranties and agreements contained herein are and shall be true and correct as of the Closing Date.

(ii)  **Buyer Obligations.** The Buyer shall have performed its obligations under this Agreement in all material respects.

(iii)  **Investigative Reports.** The Buyer shall provide the City with all written investigative reports prepared by third parties regarding the Properties.

(iv)  **Development Agreement.** The City and Buyer have entered into a Planned Unit Development Agreement, which has been fully executed by the parties. The Buyer shall not be in default of the Planned Unit Development Agreement and has complied in all material respects with said Agreement’s terms and conditions.

12.  **Closing Date.** The Closing of the transfer of the Properties to the Buyer shall occur on a date agreed upon by the Parties within thirty (30) days after the expiration of the Entitlement Period, but in no event prior to the date that all of the conditions precedent set forth in Section 11(a) have been satisfied or otherwise waived in writing by the Buyer or the date that all of the conditions precedent set forth in Section 11(b) have been satisfied or otherwise waived in writing by the City ("Closing Date"). The foregoing notwithstanding, in the event the Buyer is able to secure approval, or Buyer otherwise waives in writing, of all Entitlements prior to the expiration of the Entitlement Period (subject only to Buyer’s purchase of the Property), Buyer shall have the right, upon not less than thirty (30) days prior written notice, to proceed to
Closing, and the date so elected shall be deemed the Closing Date for the purposes of the this Agreement.

13. Closing. The City and the Buyer shall complete the Closing on the Closing Date. The Closing shall occur in escrow at the offices of the Title Company. The City shall convey to the Buyer, by 1 or more Covenant Deeds (collectively, the “Deed”) generally in the form attached as Exhibit E, fee simple title to each Property being purchased subject to all restrictions of record, easements, building and use codes, regulations and restrictions, zoning ordinances, encroachments, exclusive, however, of any of the foregoing that City is required to remove pursuant to Section 2 hereof and real estate taxes and special assessments not yet due and payable (collectively, “Permitted Restrictions”). The Buyer shall be entitled to sole and exclusive possession and occupancy of each Property at the time of Closing, free and clear of all tenancies, occupancies, or all other rights to possession. For avoidance of doubt, any easements of record created after the date of this Agreement by the City shall be subject to approval by the Buyer, in its reasonable discretion.

The City shall pay the cost of recording any curative instruments, the cost of any applicable transfer taxes, the cost of the Owner’s Title Policy (except the cost of any title endorsements sought by the Buyer), and one-half of the cost of any escrow or closing fees. The Buyer shall pay the cost of any title endorsements sought by the Buyer, the cost of recording the Deed (defined below), and one-half of the cost of any escrow or closing fees. Each Party shall pay its own legal fees, provided however, Buyer agrees to pay Ten Thousand and 00/100 Dollars ($10,000.00) toward the City’s legal fees at Closing.

It is the intent of the City and Buyer that the conveyance of the Property by Covenant Deed to the Buyer shall be fee simple determinable, with the City retaining a possibility of reverter, which shall automatically ripen into a fee simple interest in the City upon failure of the Buyer to commence construction of the project (the “Construction Commencement Date”) as and when required by the Planned Unit Development Agreement due to Buyer default, which shall be no later than one (1) year following final approval of the Planned Unit Development (subject to extensions as stated in Plymouth Ordinance Section 78-316(b)); (a “Reversion Event”). Upon the occurrence of a Reversion Event, the City shall provide the Buyer with written notice (“Reversion Default Notice”) that it intends to record a notice with the Wayne County Register of Deeds (which notice shall be in accordance with MCLA § 565.451(a)), confirming the reversion of the Properties to the City due to Buyer’s default (“Reversion Notice”), unless the Buyer’s default is cured within ten (10) business days after the Reversion Default Notice. If the Buyer’s default is not cured within ten (10) business days after the Reversion Default Notice, the City shall be entitled to record the Reversion Notice. Upon the occurrence of a Reversion Event, which is not cured within ten (10) business days after the Reversion Default Notice: (i) fee simple title to the Properties shall automatically vest in the City without the need for any action by the City or the Buyer and without need for execution and delivery of any deed or any document; and (ii) the City shall refund to the Buyer within sixty (60) days after the Reversion Default Notice the amount of the Purchase Price less the reasonable cost incurred by the City in securing and readying, including demolition of site improvements (if appropriate), the Properties for sale. The recording of the Reversion Notice by the City shall provide record notice of the Reversion of the Properties to the City. The reversionary interest of the City shall be released upon the execution and delivery of a Project Commencement Certificate, as provided for in the Planned Unit Development Agreement, which the City agrees
to promptly provide upon project commencement in accordance with the Planned Unit Development Agreement.

(a) Buyer Default. In the event of a default by Buyer under this Agreement and such default continues for a period of 10 days following Buyer’s receipt of written notice from the City (provided no notice and cure period will be provided if the default is due to the failure to timely attend Closing), the City shall have the right, as its sole and exclusive remedy, to terminate this Agreement by providing written notice of termination to Buyer and to retain the Deposit. City and Buyer agree that (i) it would be impractical and extremely difficult, if not impossible, to fix actual damages that would be suffered by City as a result of a breach of this Agreement by Buyer; and (ii) retaining the Deposit as liquidated damages is a fair and reasonable amount to be retained by City in light of City’s removal of the Properties from the market, the costs incurred by City, and the right to negotiate the exclusive acquisition and development rights with the City and shall not constitute an unlawful penalty or unlawful forfeiture.

(b) City Default. In the event of a default by the City under this Agreement, and such default continues for a period of 10 days following City’s receipt of written notice from the Buyer (provided no notice and cure period will be provided if the default is due to the failure to timely attend Closing) Buyer shall have the right to (i) specifically enforce the obligations of the City under this Agreement, or (ii) pursue all other remedies available to Buyer at law or in equity.

(c) Non-Liability of City Officials and Employees. No City official, officer, employee, board member (including, but not limited to, members of the City Commission, Planning Commission and Historic District Commission), commission member, elected or appointed official, attorney, consultant, advisor, agent or representative shall be personally liable to the Buyer for any default or breach by the City of any obligation under this Agreement or in any manner arising out of the performance of this Agreement by any party or in rendering any decision on any application or request of the Buyer.

15. Brokerage. City represents that it has not employed a broker and/or real estate agent in connection with the transactions contemplated by this Agreement. Buyer has engaged the services of Leo D. Gonzalez of CRS-Commercial Real Estate Services and Buyer will be solely responsible for paying any fees payable to CRS-Commercial Real Estate Services pursuant to a separate agreement. Each party agrees to indemnify, defend, and hold the other harmless from and against any claims for real estate broker’s fees or any compensation sought in connection with the transactions contemplated by this Agreement.

16. Notice. Except as otherwise expressly provided herein, all notices and communications hereunder must be in writing and will be received on the same day when hand-delivered, 3 business days after being sent by first class mail, 1 business day after sent by national overnight courier. RE: Establishment of Ruth Whipple Award for Civic Engagement

It is my understanding that there is interest on the City Commission to create the Ruth Huston Whipple Award for Civic Engagement. It is the Administration’s Understanding that this was a joint effort of Commissioner O’Donnell and Ellen Elliot. The purpose of the award is to annually honor a community member that has positively impacted the quality of life in the City.

Based on the information that the Administration has been given on this matter, it seems to be very similar to the Kiwanis Plymouth Community Hall of Fame that is at the Plymouth Cultural Center. Although, that award is has always been open to the Plymouth Community. Further, the Kiwanis has not run the program for many years. That effort went from once every five years, to nothing for several years, then annually for a few years and nothing since.

We have attached the information that was provided to the City Administration related to this award. If the City Commission would like to proceed as outlined, we would suggest the adoption of a formal Resolution. We have drafted a proposed resolution for the Commission to consider.
The Ruth Huston Whipple Award for Civic Engagement

The Ruth Huston Whipple Award for Civic Engagement is named in honor of Ruth Huston Whipple, Plymouth’s first female elected City Commissioner (1934-1949), first female mayor of Plymouth (1940-1942) and first female Wayne County Board of Supervisors member. Mrs. Whipple was a 1913 Plymouth High School graduate and later worked as a teacher and debate coach at the school. She fought against school policies that discriminated against married women, and eventually left the district in protest. She remained, however, a leader in her Plymouth community, championing the improvement of inhumane conditions at a local juvenile detention center and addressing environmental and beautification concerns in the city. As an elected official, Mrs. Whipple organized the first city-wide refuse collection system in Plymouth, served on the Zoning Board, and represented Plymouth to the Michigan Municipal League. She was a tireless volunteer leader of local organizations such as the Plymouth Historical Society, Plymouth’s Woman’s Club, Plymouth Garden Club, Plymouth Business and Professional Women’s Club, and Plymouth Canteen Club’s War Service committee. Though disabled at a relatively young age by a series of strokes, her example of selfless dedication to her community and leadership on issues both profound and practical improved life for every resident of Plymouth during her tenure.

The purpose of the Ruth Huston Whipple Award for Civic Engagement is to honor a community member who, like Mrs. Whipple, has positively impacted the quality of life in the City of Plymouth through his or her exceptional civic and/or philanthropic engagement.
